4. FIRST AID MEASURES

4.1 Description of first aid measures

General advice
Consult a qualified medical professional. Show this data sheet to the doctor in attendance. Move out of the dangerous area.

If ingested
Do not induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. If large quantities of this material are swallowed, get medical attention immediately. Loosen tight clothing such as a collar, tie, or belt.

Skin contact
Wash with soap and water. Cover the irritated skin with an emollient. Get medical attention if irritation develops.

Eye contact
Flush eyes with plenty of water. Check for and remove any contact lenses if possible. Continue flushing eyes with water for at least 15 minutes. Get medical attention if irritation occurs.

Inhalation
Move individual to fresh air.

4.2 Most important symptoms and effects, both acute and delayed
The most important known symptoms and effects are described in the labelling (see section 2.2) and/or section 11.
4.3 **Indication of any immediate medical attention and special treatment needed**

5. **FIREFIGHTING MEASURES**

5.1 **Extinguishing media**
Product is non-flammable

5.2 **Special hazards arising from the substance or mixture**
Spent or used product may contain adsorbed flammable or otherwise hazardous substances upon exposure to heat or water. Product user must identify adsorbed substances and inform firefighters of potential hazards.

5.3 **Advice for firefighters**
Special protective equipment – standard PPE and equipment. Active product gives off heat when exposed to water and can burn tissue. Flush with water to dissipate the heat. If dusty conditions prevail, a dust mask is recommended.
